

“To create an environment that fosters collegiality, collaboration, networking and sharing among those engaged in simulation-based education and research.”

Victorian Simulation Alliance Inc.

THE VICTORIAN SIMULATION ALLIANCE

Become a member of your simulation community

ABOUT THE VSA...

The Victorian Simulation Alliance (VSA) has supported the ongoing development and implementation of simulation within health and human services education since 2010. The VSA is committed to providing an active and supported 'community of practice' with a key strategic focus on People, Professional Practice, Profile and Sustainability.

The Association provides members with a "community of practice" and a platform for:

- valuable networking opportunities
- ongoing professional development, education and training
- fostering scholarship and innovation
- information dissemination and sharing
- linking metropolitan, rural and regional areas
- access to expert advice, information and resources
- creating a cohesive voice and common language
- best-practice identification and sharing
- creating opportunities for consultation, collaboration and sharing expertise
- informing and promoting standard and policy setting
- linking nationally and internationally

The VSA is relevant to health, community and social services professionals.

Once you become a member of the VSA and join our community, you will be the first to know about all of our upcoming events. Each year we host a range of inspiring educational programs. These include:

- **Regional SIMposiums**
- **Metropolitan SIMposiums**
- **Networking Events**
- **Conference (every two years)**

Access to these events allows invaluable networking opportunities for our members at a heavily discounted rate.

We are also linked to many other platforms where you can keep up with the latest in simulation.

As a member you will receive monthly updates on exciting simulation projects, ideas and news.

VSA STRATEGIC PLAN 2018 – 2020

PURPOSE

We provide support, resources, education and training to connect the simulation community of practice with a focus on people, professional practice, profile, sustainability.

VISION

Empowering the simulation community

GOALS

Four goals will drive the realisation of our vision:

- 1. PEOPLE:** Empower and support those working in simulation
- 2. PROFESSIONAL PRACTICE:** Develop and enhance professional practice
- 3. PROFILE:** Become a peak organisation for simulation in Victoria
- 4. SUSTAINABILITY:** Grow sustainable revenue

BECOME A MEMBER

The Victorian Simulation Alliance has recently moved towards a 'sustainability' model as an Incorporated Association. Modest membership fees have been introduced in 2014 to support ongoing operations and to assist with the cost of providing resources and education for members. It is the intention of the VSA to keep fees as low as possible so as not to create a barrier for professionals to join.

We have individual and corporate membership available. If you have any questions regarding membership please contact vsa@vicsim.org.au

To become a member visit:
www.vicsim.org.au

BENEFITS OF A VSA MEMBERSHIP

1. Eligible to apply for VSA scholarships

Annual Scholarships are available up to \$3000

2. Discounted event fees

The VSA coordinates monthly and yearly events across regional and metropolitan Victoria

3. Access to resources and publications

Education, curriculum templates and training resources are available to members

4. Access to community discussion board

Members have access to our expert discussion board for networking and sharing of resources and simulation tips and tricks

5. Scenario sharing

Members scenarios can be peer reviewed and validated by the VSA Scenario committee and shared among the VSA community

6. Discount on publications

Members can receive discounts on various simulation publications
