

VSA SIMposium

Friday 10 May 2019, 9am - 4pm

Western Centre for Health Education and Research,
Sunshine Hospital, 176 Furlong Road, St Albans 3021

PROGRAM

- **8.45: Registration**

- **9.00: Welcome**

Professor Debra Kiegaldie

- **9.15 - 10.00:**

Presentation: Current Trends in Simulation in Health and Community Services

Speaker: Professor Debra Kiegaldie

- **10.00 - 10.30: Morning Tea**

- **10.30 - 12.00: Workshop:**

Writing Scenarios and Simulated Participant Scripts in Health and Community Services

Facilitators: Professor Debra Kiegaldie and Ruth Callander

The aim of this workshop is to explore the key features of simulation scenario and simulated participant script development as applied to simulations in health and community services. During this workshop you will be provided with an opportunity to practice these skills using defined frameworks. Small group methods such as practical hands on activities will be used to explore the learning outcomes.

- **12.00 - 1.00: Lunch**

- **1.00 - 2.30: Workshop:**

Feedback and Debriefing

Facilitator: Janet Beer

The aim of this workshop is to explore the key features of delivering quality feedback and debriefing sessions as applied to the learning and assessment of communication skills in health and community services. During this workshop you will be provided with an opportunity to practise these skills using defined frameworks. Small group methods such as practical hands on activities will be used to explore the learning outcomes.

- **2.30 - 3.00pm: Afternoon Tea**

- **3.00 - 3.45: Presentation:**

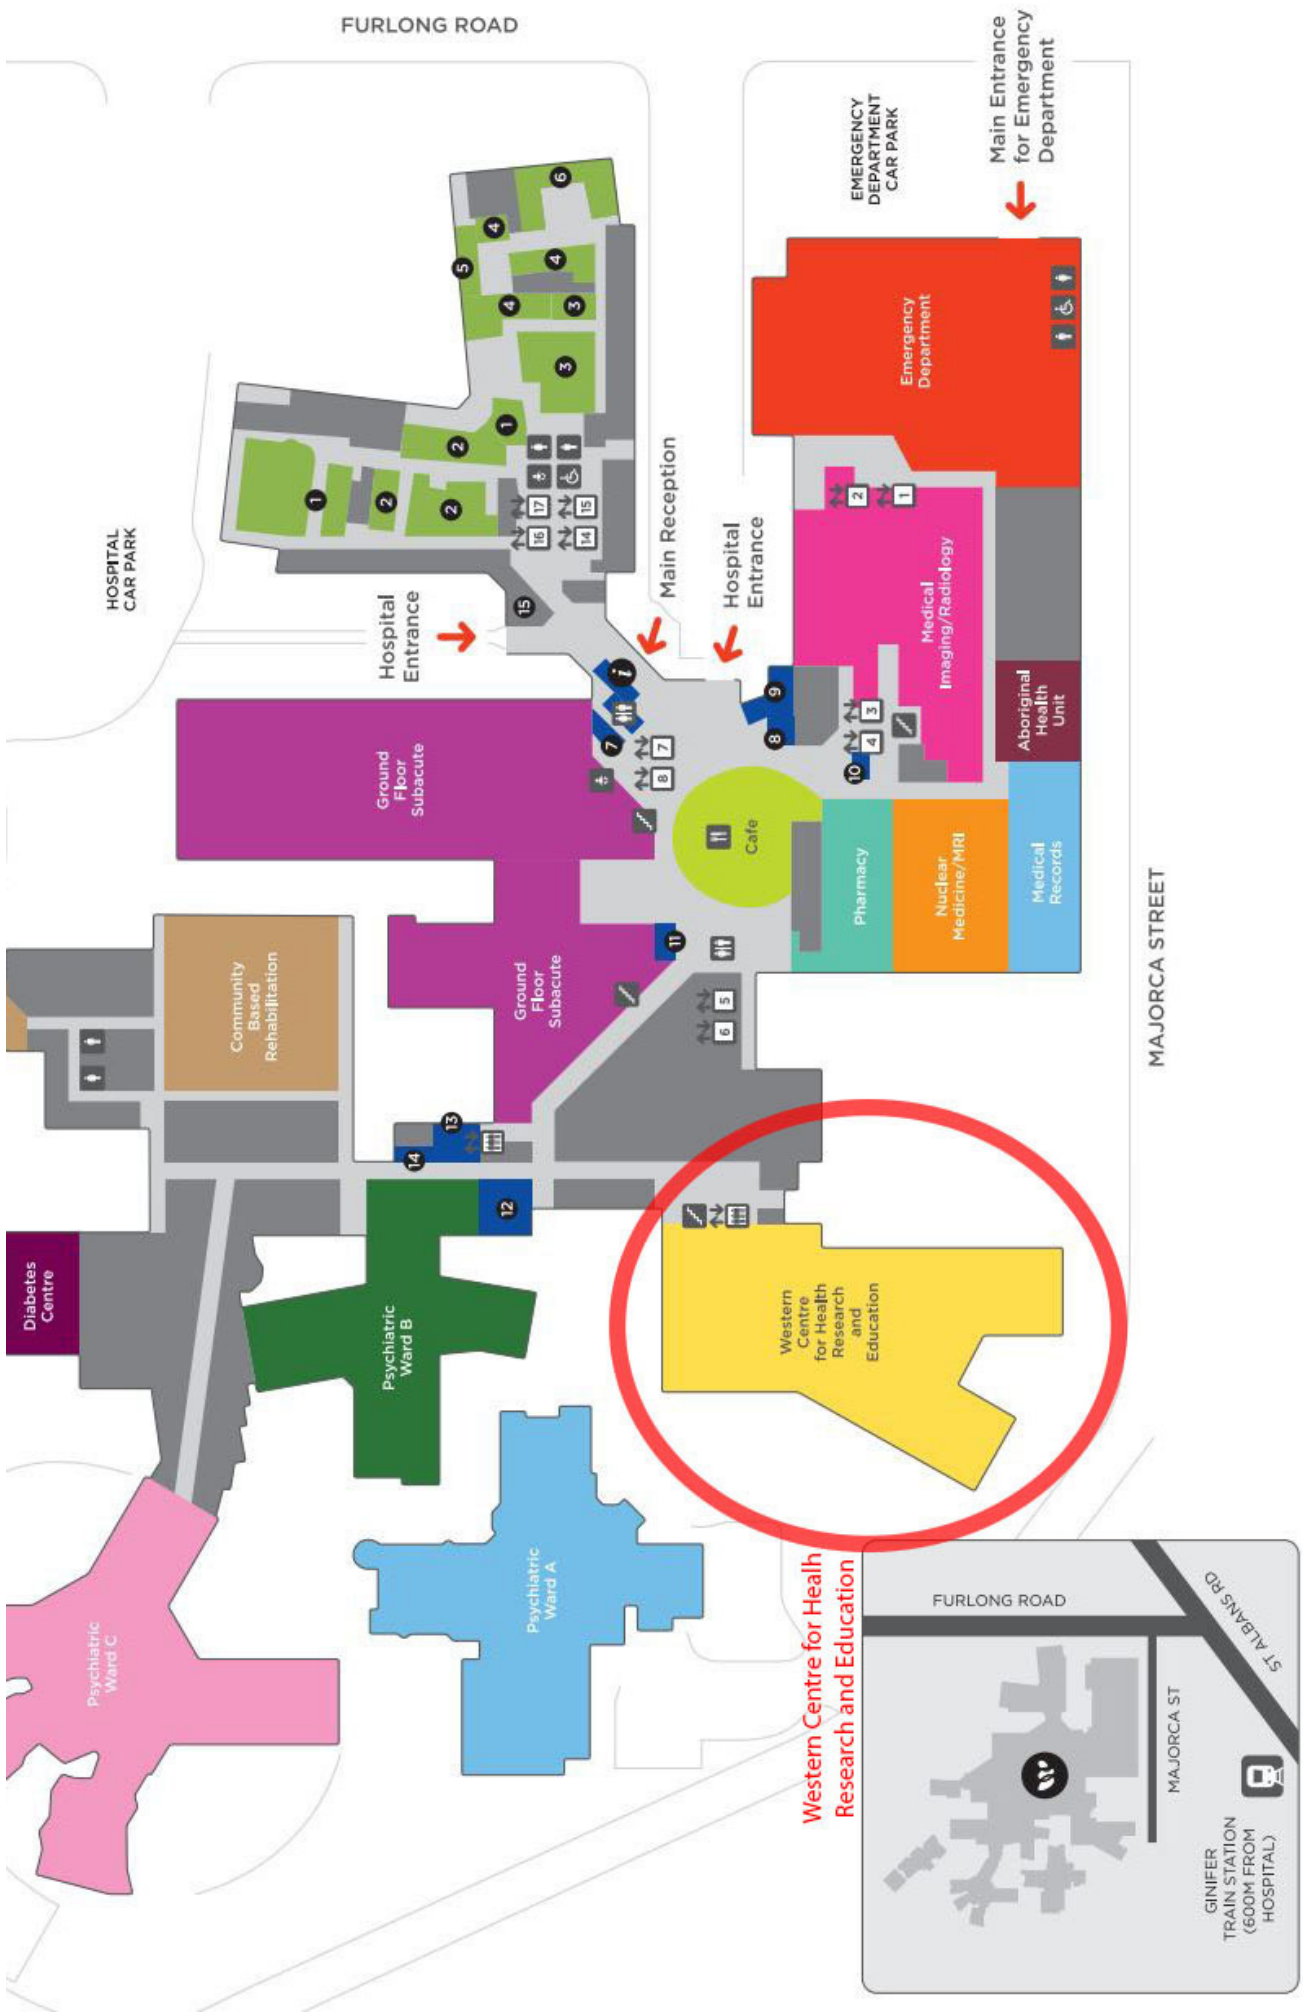

- Promoting Safety For Women during Labour and Childbirth: An Interprofessional Simulation Approach

Speaker: Margie McCormick

- Digital Simulation: New Technologies, New failures, New successes

Speaker: Chris Mackenzie

- **3.45pm - 4: Summary and Close**

Western Centre for Health Research and Education
